CBA, INC. SENIOR CONSULTANT TO PRESENT AT PREMIER ORACLE USER CONFERENCE

COLLABORATE13 in Denver, CO

Perrysburg, OH, April 4, 2013 – Bryan Gardner, a Senior Consultant specializing in Oracle Primavera P6, Contract Management, Unifier and Business Intelligence with Perrysburg, OH based Critical Business Analysis, Inc. to present at the IOUG **COLLABORATE13** conference in Denver, CO.

On Tuesday April 9th at COLLABORATE13, CBA, Inc. Senior Consultant Bryan Gardner, will be delivering a joint presentation with Sarah Park of Cenovus Energy, Inc. on Integrating Primavera Contract Management (PCM) Cost Tracking with JDE 9.0 (JD Edwards is an Accounting software by Oracle). Garder, based in Mansfield, OH spent 18 months with the Alberta, CA based Oil Company as a project team leader charged with implementing the Oracle Primavera software. PCM was selected by the Project Controls Group within Cenovus Energy, Inc. as the preferred application for tracking project costs for their Canadian oil sands projects. JDE 9.0 was selected as the Supply Chain application with the finance cost accounting structure.

This presentation will demonstrate the challenges and method of integrating two cost structures within the constraints of the ERP (Enterprise Resource Planning) system implemented at Cenovus Energy, Inc., as well as extending the cost tracking to external sources such as the legacy system and external stakeholders.

> *"CBA is very pleased that Bryan Gardner's call for papers submission was enthusiastically accepted for presentation at Collaborate for the 3rd year in a row. This is a testament to Bryan's stature in the Primavera community. Bryan, like the rest of our consultants, stands out as an expert in his field by delivering exemplary results for CBA's clients and the recognition of such by his peers is very rewarding." Don Monteleone, President of CBA, Inc. said.*
